EDINBURGH  
**Cluster surface mounted projectors**

Compact adjustable projector range. A minimalist aesthetic with cluster surface mounting and multiple optics ensures precise, controlled optical distribution across architectural and landscape environments, ideal for façades, boundary walls, and grouped installations requiring uniform illumination.

<https://www.ligman.com/edinburgh-cluster-surface-mounted-projectors-edin-pr3/>

EDINBURGH  
**Strap mounted projectors**

Compact adjustable projector range. A minimalist aesthetic with strap-mounting and multiple optics ensures precise, controlled optical distribution across architectural and landscape environments, with discreet installation directly onto trees and vertical elements.

<https://www.ligman.com/edinburgh-strap-mounted-projectors-edinb-pr3/>

EDINBURGH  
**Pole clamp mounted projectors**

Compact adjustable projector range. A minimalist aesthetic with pole-clamp mounting and multiple optics ensures precise, controlled optical distribution across architectural and landscape environments, ideal for installation on railings, tubular structures, and small poles.

<https://www.ligman.com/edinburgh-pole-clamp-mounted-projectors-edinbu-pr3/>

EDINBURGH  
**Ground spike mounted projectors**

Compact adjustable projector range. A minimalist aesthetic, available in single- or double-sided versions, and multiple optics ensures precise, controlled optical distribution across architectural and landscape environments, ideal for gardens, pathways, and landscape features with flexible repositioning.

<https://www.ligman.com/edinburgh-ground-spike-mounted-projectors-edinbur-pr3/>

EDINBURGH  
**Column projectors**

Compact adjustable projector range. A minimalist aesthetic with column mounted installation and multiple optics ensures precise, controlled optical distribution across architectural and landscape environments. Ideal for clean, sleek pole-mounted applications in open areas such as public parks.
