

**Nicolaudie - SLESA-UE7 (A60691)**

A60691

**Product description****Technical information**

The Nicolaudie SLESA-UE7 is a standalone USB and Ethernet-based DMX1024 lighting controller with 200 scenes and 5 zones. This powerful and scalable control allows dynamic lighting scenes to be programmed quickly and easily through ESA2, ESAPRO & ESAPRO2 software and mobile applications. New scenes can be triggered through a calendar/time clock, infrared remote control and smartphone/tablet software.
